Dear Mr. Vierling:

The NYC Department of Health and Mental Hygiene (DOHMH) recently evaluated your request for approval of an indoor tanning operator training course and determined that your submission meets the requirements established by Article 177 of the NYC Health Code, which regulates the operation of indoor tanning facilities. Your program is hereby approved for training staff that assists patrons using ultraviolet radiation devices in indoor tanning facilities.

We will be providing indoor tanning facilities with your contact information, so please confirm that your operator training course is available by July 3rd. Also, please provide the exact address or link to your organization that you would like DOHMH to post on its website. You may email this information to Trevor McProud at tmcproud@health.nyc.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Boyd", enclosed in a thin black rectangular border.
